

The Center for Great Expectations

Residential treatment for homeless, pregnant, addicted women

Hope Lives Here

April 4, 2011

Dear Bruce,,

Thank you so much for the sewing machine donated to the Center. It is definitely top of the line and our women are so grateful for your generosity. We are looking forward to having our women learn how to use the machine and they are so excited. Already we have had a lesson and the residents are so proud of their creations.

Currently, we have two homes for homeless pregnant women and teens and their children; and women who are in recovery and their children. We have recently opened a new site on How Lane in New Brunswick. It is an outpatient treatment program for pregnant and post-partum women with substance use and/or co-occurring disorders.

Our mothers are inspired by the fact that someone out in the world, away from the Center, actually cares about them and their children. At first, they are shocked that people care, and then, very grateful that there are people who support the Center so they can change their lives and finally see a new future for themselves, and their babies.

We especially thank you for your belief in our mission and the work we do at the Center. We think of you, our donors, every day, and realize we could not exist without you.

It is our hope that something wonderful comes back to you and your families for the goodness you have shown to us. Let us continue to hold each other in prayer.

God bless you,

Sister Sheila Murray
