

How to: Cover a Double Welt Cord

Figure 1

Figure 2

1. Place wrong side of 3" (76mm) fabric strip over double welt cord. Line-up edge of fabric with outside edge of cord. Stitch down the middle of double welt cord with a general purpose foot.
2. Wrap fabric around to completely cover the double welt cord.

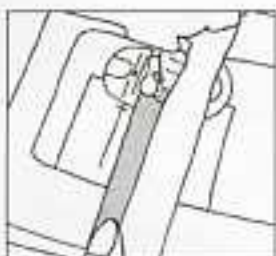

Figure 3

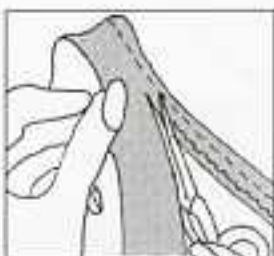

Figure 4

3. Stitch again down the middle of double welt cord.
4. Trim off excess fabric next to stitching. The side with the raw edge is the back side of finished double welt cord.

For best results, use Conso Style #10669 or 60116.
